

# BERKS COUNTY IS GETTING CONNECTED TO TREATMENT

**Percentage of Opioid Users Entering Treatment**  
(Includes only Publicly Funded Treatment)

## Warm Handoff Survivors

**Percentage Increase in Public Funded Opioid Treatment Enrollment Over the Last 10 Years**

**59%**

### *What is Warm Handoff?*

Warm handoff is the direct transfer of overdose survivor from the emergency department to drug treatment provider

### **SAVING LIVES**

Warm handoff has been shown to decrease the number of overdoses for survivors increasing their chances for long term sobriety

Awareness is our best tool to combat the opioid epidemic. Get involved in your community and support national, state and local efforts to stop this epidemic.
